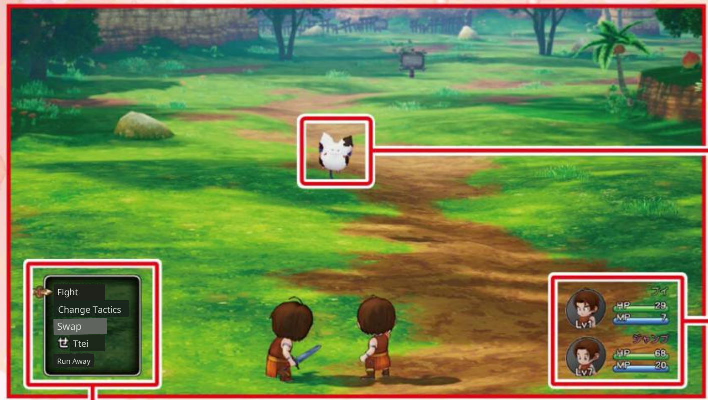
Battle with monsters!

Let's explain how to fight the monsters that appear in fields and dungeons!

How to view the battle screen and commands



Enemy's condition

When HP decreases, the name's color changes from yellow to orange
When a status ailment occurs an icon appears.

Status

party member's 残りHPやMP、状
Check for abnormal statuses and devise tactics!

Fight — Selecting "Fight" starts the battle!!

While issuing tactics

Auto Battle!

→ According to the strategy you have chosen, the AI will automatically decide actions during battle. Guest characters cannot have tactics set for them.

When "Follow Orders" is selected

Choose Battle Commands when prompted!!

The protagonist and allies
Can freely choose battle commands.
During battle
Decide specific actions
Since it can be aimed, you can fight flexibly in battle!
You can fight flexibly!

Attack — Once you have chosen the opponent you want to attack, equip. Attack using the weapon you are wielding.

Special Skill — Use learned special skills. Offense and support. Choose based on the effects of abilities such as Recovery.

Spells — 習得 You 呪文 use items to attack, heal, and provide support!

Items — Use items to recover or heal. There are items that can be used on enemies as well. You can change equipment during battle. You can switch equipment depending on the battle situation.

Defend — Protect yourself and reduce damage from various attacks by enemies.

Equipment

Change Tactics

Change tactics to set how you and your allies fight. It is effective to change tactics depending on your vocation, your allies' characteristics, the opponents you face, and the battle situation.

List of tactics

Go All Out — Use powerful spells and special techniques to quickly defeat opponents.

Value Life — Heal and defend yourself and your allies. Act with this as the top priority.

Do Your Best — Attack, defend, and act according to the state of battle. Restore HP and MP in a balanced way. Use a variety of spells and special techniques actively in battle.

Do not use MP — Attack without using spells or special techniques that consume MP.

Try Various Things

Issue the command — You can choose battle commands for the hero and allies.

Swap

Switch the allies participating in battle
Can be done. Up to four people can participate in battle.

Settings

You can choose the battle speed from three levels.

Run away

Flee from enemies. Flank
It may end up happening.

You can change tactics even after choosing "Fight"!

PS5, PS4 △
Nintendo Switch X
Press Steam Y to change tactics!

Even during battle, on your turn
you can open the menu
and change your strategy
you can modify it.

If you're unsure, use "Leave this part to me"!

PS5, PS4 L1
Nintendo Switch L
Press Steam LB to leave this part to auto!

Automatically for only 1 turn
Move. Quickly deal with weak enemies
When you want to act quickly in battles against bosses or strong enemies, it is recommended for roles such as yourself ar
Prioritize and adjust tactics according to the battle situation.

Battle together with guests and companions!

As the adventure progresses, guests and companions will join the party
and join the battle!

Commands cannot be selected. Because the characters act automatically, Even after repeated battles strength I won't let it go on.

Freely set tactics
You can choose. After battle, introduce
Obtain the value and strengthen
will do.

Defeat all monsters to win!

When you defeat a monster
You gain experience. As ex
perience accumulates Experience and g
Obtaining also drop treasur
e chests! And your level will rise.

What if you are completely wiped out...?

The place where you last prayed
Return to the place you visited
but your money will be halved!
you can also return to the point.

Adventure
Note Be careful! to status abnormalities

Heart of Adventure

In battle, monsters' spells and special moves can cause allies to be afflicted with various status abnormalities.
Check the countermeasures and treat them quickly!

sleeping

Unable to act until awakened. Physical attacks may sometimes wake the target, but spell-based attacks are less likely to awaken them.

poison

Take damage each time it becomes your turn
ke, also take damage when walking. Poison
Healed by herbs like "Keshisou" or "Kiarī".

Chaos

be attacked by allies during battle, or perform meaningless actions. "Tsukkomi" (retort)
They can be cured with items like a medicinal herb or a bell used by priests.

curse

May become unable to act during battle.
Can be解除 by "oharai" or similar, and
The church can lift curses for a fee.

Illusion

Physical attacks become harder to land, and
Spells' attacks are not affected. "Ma
You can cure it with "Nuha".

Dungeon tai Izumi (spring)
DUNGEON Ancient Spring

The deepest ancient place feels somehow ominous and dangerous.
Recover at the healing spring and prepare.

BOSS Magic Demon Bedora

battle

Prepare means of recovery
Keep attacking rapidly!

A boss fought at the Ancient Spring.
Stock up on recovery items such as Herbs, Magic Small Bottles, and increase your acid (antidote) supplies. Level up a little first.
These are enemies you can defeat, so if you can't beat them, recover
at healing springs
while leveling up,
then try again.

Adventures of Each Continent

great adventure

N Astoltia Great Adventure!!

Hometown village zen sōdai bouken

Check how to proceed with the grand adventure that spreads from your home village across the entire land of Astoltia.

Choice tairiku

From the continent of the race you chose

Story

The story begins!

Each of the five continents is inhabited by different races ...ing. The continent where your adventure begins depends on the race you chose. Although different from the early story, solve the problem and you can freely adventure across all continents!

As you advance the story in the village where you were reincarnated...

↑Immediately after reincarnating into a new race, at first you Proceed with the events of a village or town.

You will be able to go to other continents!

↑When your achievements are recognized, you will receive an intercontinental railway pass and be able to travel between continents by rail!

Kakui

Travel across each continent

Collect Key Emblems!

↓Once you are able to ride the railway, solve the simple puzzles on each continent to obtain the key emblem. Solve the puzzles to obtain the Key Emblem.

The Five Continents and the Five Races of Astoltia

Encounters with guests and companions await on each continent

Meeting awaits!

In addition to companions who bear their own destinies and adventure alongside the protagonist, guests who support the protagonist also appear!

➡Guests accompany you to your destination and participate in battles.

↑They will grow as members! Companions act alongside the protagonist, and

Companions

Check page 243 for information about companions!

Make full use of the Ley Line (Return) Stone!

Using a Rura Stone instantly transports you to registered towns, villages, or waypoints

You can instantly move to locations with a memorial stone

The towns and villages you visit for the first time will be registered automatically!

In places without a ceiling, take a look then choose the place you want to go from the list.

When you find the Guiding Monument, be sure to register it. Find the Guiding Monument and register it.

Recorded Rura Water into the Ley Line (Return) Stone.

Travel quickly with the Doruboard!

When riding the Doruboard, you can travel quickly across the field and in some dungeons

You can move at high speed. It's convenient to get it early.

Press PS5/PS4 L2, Nintendo Switch ZL, or Steam LT to mount and dismount

Men in Gatara, Gabu Mountain ... From X, obtain the Dolboard. You can accept the quest.

You can do it! Move quickly across the field Even faster than dashing

Challenge quests! Some quests will also be unlocked

Features useful for advancing the adventure

Be proactive and clear them!

Types of quests

Sub-story	You can enjoy story sub-stories. These are
Job quests	quests to master each job!
Super Useful Features	To progress the adventure, Extremely helpful quests.
Useful features	To progress the adventure, Useful quests.

Purple mark

From the person who attached it

You can do it!

Received.

1 Talk to the person with the purple mark and accept the quest!

◆Upon completion you may receive items and unlock new things you can do!

Plenty of fun besides adventuring!

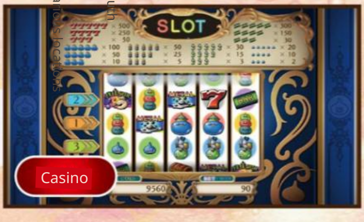
Between adventures, enjoy fishing and the casino, or magic

Try challenging powerful enemies in the Labyrinth of Sorcery!

At the port town of Lendor South Fisherman Halmoss's quest When you accept the quest, in various locations You can fish at fishing spots. It is possible.

Fight powerful enemies to get accessories and other luxurious rewards!

For details on the Magic Labyrinth, see p.249.



Coins can be exchanged for prizes! You can play with them in places such as slots and poker at the Rakkaran Amusement Is...

Use the town's facilities!

Make good use of the various facilities found in towns and villages to help your adventure!

Inn

kaifuku

You can recover. There are also inns where you can use a travel concierge!

Rest and
Resting advances time. When yo
u stay overnight, HP and MP are restored,
Both cost 60 gold

Check: Is the southern area

After you level up,

when heading to the Forgotten Library or Zama Pass, you will pass through it. However, early in the story when you first go there, there are strong enemies in the southern and eastern areas, so it's better not to go yet. It seems that. Also, at the invitation monument located to the southwest, there is no need to force your way there until you level up.

Check: At night, on the stacked stones

When a checkpoint fire is lit The stacks on the surface of Landonfoot are arranged to connect key points, so they serve as useful markers for understanding the route to take. In particular, because his fire is lit, it is easy to spot from a distance.

⬆ The piled stones to the west are located in an area without a path, so they make a good landmark to avoid getting lost when heading toward Carna Pass.

Check at the Ice Pond

Checkpoint

You can fish

Frozen lakes can be found near the northwest Forgotten Good Store, close to the Akane monument, and around the suspension bridge over Karma. All of these lakes allow fishing, so visit them once you are able to fish.

⬆ Monsters are often very close by, so fish with caution. You can catch wakasagi (pond smelt) and similar fish.

Field

[Playboy's Lifework]

207 "The Buzz-Worthy Instagrammable Scenery"
Occurrence location: Play House (P.144)
Requester: Lucchi

The members of the play club are thoroughly enjoying themselves, but the mysterious enemy, the labor-demon Deswork, draws near with its evil hand!

↑ Muse Coast Cat Island Pier
guided by the Weave who is there,
Let's move to the Playhouse!

PARTY MEMBER

Party Members

As the story progresses, five people will join your party,

Adventure Companions: They will accompany you on your journey.

Raise your companions through level-ups and skill panels!

Become reliable through level-ups

Like the protagonist, companions gain experience points and steadily level up. When a level Increases, they not only learn spells but also gain skill points You can also obtain mounts, so fight a lot with your companions.

Skill panels are unique to each character

When skill points have been accumulated, use the skill panel Let's unlock it. The skill panel depends on the character. At first it varies according to th e weapon you have. It is advisable to gradually unlock panels by combining them.

⬆ The parameters that increase upon leveling up differ for each character. For example, for Fuura, attack magic tends to rise e asily. You can reset skill points for each weapon by paying money. This is handy when you want to redo skill acquisition.

Up to four people can take on battles!

"Meirei" is also possible!

The party can have a maximum of six members, including the protagonist They become human, but can they participate in battles? They are four of them. A healer and attackers Choose roles with a good balance. During battle If the player wants to decide actions pers onally, set it to "Command me." With "Str ategy," you can also leave actions to the c haracters. Normally, use "Do your best." It should be fine to leave combat to them.

There are six total "Strategies." Normally, "Do your best" is fine.

Enjoy conversations while moving!

⬅ During movement, each character Talking with characters can be enjoyed. Cha You can get a sense of the character's person ality, so try talking to them

While in the past world, you will temporarily part ways!

⬅ The protagonist in the past bamboo when you are in the world You will be temporaril y separated from your companions Of course, even if you fight No experience points are gained

Detailed data of companions will be listed from the next page!

Adventure Tips

Charcoal Large Edition】 Gather bounty requests with friends and clear them!!

If you have friends, form a hunting party
You can clear the "Bounty Request Slips"!

Speak to the town's extermination squad members while holding a subjugation request form
When you do so, you can dispatch a subjugation squad to the request. However, subjugation
You need a registered friend to form a party.

↑ The subjugation squad members are wearing armor, and they

What is a "Bounty Request"?

Items that monsters occasionally drop when defeated
・Can be given to yourself when registering a friend
Talk to the squad member between to carry out the request

↑ By registering a friend, if the other person has a bounty request ticket
you can receive one. Check your items.

With "Friend's Spell"
Register friends at the tavern

All procedures related to Friend registration are handled entirely by adventurers
The tavern's activities take place in the tavern. Share with friends or on social media!
After having been taught the "spell", go to the tavern.
You can also obtain your own spells at the tavern.

Register yourself

To obtain your own "Friend's Spell," go to "Register Yourself." At that time, you can also have the other person carry a monster-slaying request form to distribute.

Register a friend

To enter a spell you were taught, use "Register a Friend." If entered correctly, it will be added to your friend list. You can also register your own spell.

↑ If you talk to the introducer at the tavern counter,
All relationships are OK. It's easy as long as you have the spell!

Form a hunting party with friends
Let's send them off on a subjugation request

Once you have registered a friend, promptly take on a monster-slaying request
Let's dispatch them! When you talk to a member of the extermination squad, first
Choose which quest form to use. Next, in the Subjugation Team's composition
select the friend to dispatch. Total level
The higher it is, the shorter the required time will be. Higher difficulty
Requests that take longer also offer better rewards.

Decreases in real time. The required time at the start of the request

After a certain amount of time has passed...

↑ When the required time reaches 0, the subjugation request is completed and you
You can wait patiently while doing your own adventure.
